Subject : **AcoustiTECH ceramic + Mapeheat membrane**

Dear value customer,

MAPEI is proud to offer our Lifetime System Limited Warranty on all installations using MAPEHEAT Cable , MAPEHEAT Membrane , and AcoustiTECH CERAMIC membrane as described below . This warranty covers the in-floor heating system , all assembly materials including floor coverings , and labor when the installation is performed by a MAPEHEAT Registered PRO installer . Additional details on the Lifetime System Limited Warranty can be found in the attached document.

The following installation method is approved and covered by our Lifetime System Limited warranty:

- AcoustiTECH CERAMIC membrane adhered to the concrete substrate using AcoustiTECH AD-532+ or AcoustiTECH AD-280 adhesive or AcoustiTECH AD-844MS.
- MAPEHEAT membrane adhered to the AcoustiTECH CERAMIC membrane using a polymer modified thinset mortar adhesive (such as Mapei Ultraflex LFT or other similar ANSI A118.11 or better product) ;
- MAPEHEAT Cable installed into MAPEHEAT Membrane using flexible spacing of 3/3/3 (10 W/ft²), 2/3/2 (12 W/ft²) or 2/2/2 (15 W/ft²) ;
 - o For a thinner installation assembly, MAPEHEAT Mats can replace the layer of MAPEHEAT Membrane & MAPEHEAT Cable and can be adhered directly to the AcoustiTECH ceramic membrane using the same thinset mortar adhesive described above and applied in the same manner. This method offers a prefabricated floor heating system and is quicker to install ;
- Installation of a ceramic tile floor covering using the same polymer-modified thinset mortar adhesive used to adhere the MAPEHEAT Membrane (such as Mapei Ultraflex LFT or another similar ANSI A118.11 or better product);
- The temperature of the heated floors must be controlled by a MAPEHEAT Thermostat such as the MAPEHEAT Thermo Basic, MAPEHEAT Thermo Touch or
