

FINISHES DYES

PRODUCT DESCRIPTION

Finitec Expert dyes are compatible with all Finitec Expert waterborne finishes. Ideally designed for oak and ash to enhance the richness and intensity of the wood grain.

FEATURES

- Enhances wood grain intensity
- Keeps a clear finish without overlaps
- Addition of coats intensifies color
- Low VOC (5 g/L)
- Odor-low and non-offending
- Nonflammable
- The mixture of dyes and Finitec Expert finishes can be reusable

COLORS

EX-AMBER

- Gives the appearance of an oil finish
- Ideally designed for oak and ash

EX-BROWN

- Provides a brown finish
- Ideally designed for oak and ash

EX-RED

- Provides a red finish
- Ideally designed for red oak

APPLICATION CONDITIONS*

- Temperature between 70 °F and 77 °F (21 °C and 25 °C)
- Relative humidity between 35 % and 50 %

*NOTE: Drying and curing time mentioned in this document may vary depending on application conditions: lower temperature, higher humidity and greater thickness of product on the floor could slow down the drying and curing process.

APPLICATION GUIDELINES

Pour the whole colorant into a 6 L bottle of Finitec Expert finish (110 mL per 6 L). Shake well in order to obtain homogeneity.

NOTE: Addition of coats intensifies color. Proceed to an adherence, color and compatibility test using jobsite application conditions and methods.

IMPORTANT: It is recommended to first apply a coat of EX-Prime or any other Finitec Expert finish without dye. Subsequently, apply 2 or 3 coats of colored finish. For application guidelines, please refer to *Technical data sheet* of the product used.

FIRST AID

In case of eye or skin contact, rinse well with water for 15 minutes. In case of inhalation, allow the victim to rest in a well-ventilated area. If swallowed, seek medical attention. Do not induce vomiting. Have conscious person drink several glasses of water. Keep out of reach of children.

EMERGENCY phone: CANUTEC (613) 996-6666.

Size	110 mL
Coverage	Depending on finish
Product number: EX-Amber	81263
Product number: EX-Brown	81265
Product number: EX-Red	81264

TECHNICAL DATA

Size available:	110 mL
Container:	Translucent plastic container
Color:	EX-Amber: Amber aqueous solution EX-Brown: Brown aqueous solution EX-Red: Reddish aqueous solution
Odor:	Low and non-offending
Coverage:	Depending on finish
Drying time:	Depending on finish
Flash point:	N.A.
pH:	N.A.
VOC:	5 g/L
Viscosity:	N.A.
Density:	1,0 ± 0,2 kg/L
Freeze / thaw stability:	Keep from freezing
Shelf life:	12 months (when kept in its original container)
Tools clean up:	Water
Storage:	Dry and well ventilated
Waste disposal:	Recycle if possible (Check with local authorities)
